

Summer Fun 2009

Welcome to Summer Fun 2009

At The Montessori Day School our **philosophy** ensures a **safe and secure environment** for your child, while enjoying a **fun and memorable summer**. Our students learn from certified Montessori teachers and interns.

Along with the exciting Montessori Materials, children will have 8 units of study to choose from, weekly water play, and occasional field trips.

We are please to again be offering Miss Wendy's Jumpstart enrichment program for kindergarteners, and pre-first graders.

Summer classes run every weekday from 9am to 3pm. Before and after school childcare is available.

Its time to plan a great summer
for your children!

Half day programs are available. Children may enroll on a week-to-week basis.

In order to provide flexible scheduling we require tuition be paid in full at the beginning of each week your child is in attendance.

All children need to bring a lunch and snack(s) or order a student lunch through Jason's deli. Lunch order forms available in the office.

Summer Toddler Program

The Toddler class offers our youngest children a chance to discover, play and express their creativity in a safe and protected environment. They enjoy easy access to a grassy, enclosed outdoor playground. While warm and nurturing, the teacher's goal is to assist the child toward independence. The summer program will be relaxed with an emphasis on art to express each child's creativity.

Summer Program

The following themes are offered at both the preschool and elementary levels with appropriate activities for each group.

Week 1 – Botany June 1 - 5

Come study and explore the wonderful world of plants this week! All children will learn about the parts and types of plants, as well as help start the children's garden. (Children will help take care of the garden all summer long).

Week 2- Art June 8 - 12

Have your child join us for this weeklong study of Art History and famous artists while getting a little messy creating their own masterpieces.

Week 3 – Science June 15 - 19

Your child will have fun during this program discovering the wonders of science. Children will participate in simple experiments and gain exciting knowledge of magnets, gravity, and electricity.

Week 4 – Underwater Voyage June 22 - 26

Take an imaginary voyage and dive under the water's surface. The children will learn about sea animals and plants, as, well as a little geography during our week long study.

Week 5 – Bugs and Insects June 29 – July 3

Are butterflies beautiful? Are spiders scary? Are ants strong? During our study children will learn about these fascinating creatures that are all around us.

Week 6 – Dinosaurs July 6 - 10

Take a trip back in time to when the dinosaurs roamed the Earth. The children will study the many dinosaurs and talk about what happened to them so many years ago!

Week 7 - The World and Its Cultures July 13 - 17

Take a journey around the World! Children will explore several countries and learn about their cultures through music, dance, and art.

Week 8 – Zookeepers July 20 - 24

What is it like to be responsible for all of the animals at the zoo? This week the children will explore the world of zoo animals and gain exciting knowledge about all creatures great and small!

Week 9 - Childcare July 27 – July 31 Jumpstart Enrichment Program

Weeks: June 1 – June 26

Join Miss Wendy Clary for an exciting journey in advanced language, math, and sensorial lessons. Children will rediscover how fun academics can really be. This four week program is from 9:00 am to 3:00 pm and open to kindergarten and pre-first grade children.
