April 2010

Dear Friends,

Thank you for your interest in our school. Our charming facility includes play space with grass, shade trees, gardens and large playground equipment enveloped by a spacious sandbox. Our beautiful classrooms are well-equipped with Montessori materials for children through 8th grade.

Hello, my name is Algene Herrick. I am the Founder of The Montessori Day School. I attended Westminster Choir College in Princeton, New Jersey where I received a Bachelor of Music Education K-12 Degree in 1971. In 1992, I attended The Center for Montessori Education in New Rochelle, New York where I received my Elementary 6-12 Montessori Teacher Training and Certification from the American Montessori Society. I am also a NM State certified teacher for grades K-8. All in all, I have had many wonderful years of teaching in public and private schools.

Our school celebrates over 100 years of teaching experience, with its professionally trained staff. The staff is composed of caring Montessori teachers dedicated to the education of young children. Our school follows the “Authentic Montessori Philosophy of Education.” This method is child centered and is an individual way of assisting children to develop their individual abilities and potentials. The “Montessori Method” was possibly the first founded on the concept of educating the “whole child”. The “hands-on” method provides social, emotional, physical as well as cognitive development. Montessori children are often described as self-directed, courteous and joyful with a love for learning.

We invite you to call the office and set up a personal tour of our beautiful school.

Sincerely,

Algene Herrick, Founder
