

TMDS Child Care Option Worksheet 2010-2011

1. Child Care Debit Card

Parents may purchase 15 minute blocks of time for \$1.65 per block. This system will work well for you if your child care needs vary or you rarely use childcare. This card can also be used to supplement any of the programs/ child care packages below. *We highly recommend the purchase of an additional \$10.00 card for an unexpected late day, even if you purchase a packaged program. Drop in hours are \$15.00 per hour! **Left over blocks can be rolled over into the summer or carried into the fall.***
